

# CONCERNED ABOUT DEVELOPMENT OF THE SOEURS DE LA VISITATION SITE?

Come to the next community meeting which is our  
final chance for input to the developers

Wed., March 10th, 7-9pm - St. George 's Church

## *Why so important?*

Bought by **Ashcroft Homes** (who developed Central Park), the tentative plans call for:

- two 10-storey condos,
- several 6-7 storey buildings,
- a row of 4-storey buildings along the Byron pathway on the south side of the property,
- cutting another road through the Byron pathway extending Kensington into the site for vehicular access, meaning Byron and Kensington will become thoroughfares.
- for-profit retirement residence near Byron with 24-hour care, implying ambulances, delivery trucks, constant visitors potentially parking on residential streets

This could mean an increase in population of up to 1000 people on this 5-acre property, significantly increasing the traffic flow and quality of life for the entire neighbourhood.

## **To express your concerns, email:**
